**(19 Division St W)**

Scan the QR code or  
visit [I35and9.com](https://www.i35and9.com) to  
share your  
input and  
sign up  
for project  
updates!

Rice County, in partnership with the City of Faribault, is conducting an interchange study at I-35 and County Road 9. Join us for an **open house** to learn about the project and share your priorities for the area with the project team. Your insights will help guide the development of interchange design concepts.

There will be no formal presentation so you may arrive at any time. If you are unable to attend, materials and feedback opportunities will also be posted on the project website.

Real People. Real Solutions.
